17  
18 **A BILL**

19 To provide the President with authority to temporarily freeze the price of gasoline and other refined products.  
20

21 *Be it enacted by the Senate and House of Representatives of the United States of America in*

22 *Congress assembled,*

23 **SECTION 1. SHORT TITLE.**

24 This Act may be cited as the "Hurricane Katrina Emergency Temporary Energy Price Freeze  
25 Act of 2005."

26 **SEC. 2. FINDINGS.**

27 (a) The Congress hereby finds that—

- 28 (1) Hurricane Katrina has caused extensive damage to petroleum production,  
29 refining and transportation facilities, and extensive damage to port facilities and  
30 electricity generation facilities, causing additional shutdowns of refineries and  
31 loss of transportation capacity for petroleum products;

1 (2) the shutdown of refineries and reduction in transportation capacity for petroleum  
2 products caused by Hurricane Katrina has led to massive price increases for  
3 petroleum products throughout the United States;

4 (3) these massive price increases have caused severe hardships for millions of  
5 Americans who depend upon affordable and adequate supplies of gasoline and  
6 petroleum products for transportation and other daily necessities; and

7 (4) these massive price increases threaten the availability and affordability of many  
8 products in interstate commerce.

9 (b) It is therefore declared to be the policy of the United States to temporarily freeze the  
10 price of gasoline and other petroleum products to reduce the burden on millions of  
11 Americans and interstate commerce from rapidly increasing prices of gasoline and other  
12 petroleum products.

### 13 **SEC. 3. PRESIDENTIAL AUTHORITY TO FREEZE PRICES.**

14 (a) The President is authorized to issue such orders and regulations to temporarily freeze  
15 wholesale and retail prices of gasoline and other petroleum products at or below the  
16 levels prevailing on August 27, 2005. Such orders and regulations may provide for the  
17 making of such adjustments as may be necessary to prevent any gross inequities.

18 (b) The President may delegate the performance of any function under this Act to such  
19 officers, departments, and agencies of the United States.

### 20 **SEC. 4. ENFORCEMENT.**

21 (a) Whoever willfully violates any order or regulation under this section shall be fined an  
22 amount up to three times the amount of the gain from such violation.

1 (b) The President, or any person delegated authority under this Act by the President, shall  
2 have authority to seek a temporary or permanent injunction in the proper United States  
3 district court to prevent or halt violations of orders or regulations issued under this Act.

4 **SEC. 5. TERMINATION OF AUTHORITY.**

5 The authority under this Act shall terminate upon a finding by the President that the  
6 domestic supply of petroleum products meets or exceeds the level of domestic supply as of August  
7 27, 2005.
